

Career Profile

Steve Grimmett

Ergonomics Consultant, Kinesiologist

Specialization:
Industrial and Office Ergonomics

Education:
B.Sc. (Kin), SFU

Steve Grimmett's background experience in rehabilitating injured workers led him to the practice of ergonomics in an attempt to prevent workplace injuries, and assist injured workers back into the workplace. Steve founded Ergo-Motion, an ergonomics consulting firm that aims to create ergonomics programs that help to create comfortable, productive, and safe working environments. Ergo-Motion works with employers across Canada in a variety of industries including manufacturing, shipping, transportation, construction, and food processing.

Steve Grimmett has been participating on the CKA board of directors for approximately 10 years. Prior to this, he sat on the board of directors for the BCAA.

Steve Grimmett can be reached by email: steve@ergo@motion.com, or to learn more about his organization, visit www.ergo-motion.com.
